

Bonehenge Whale Center equipment wish list – 25July2018, Keith Rittmaster

Item(s)	Cost	justification
Skyjack SJ3215-19 electric scissor lift	\$10,600	To assist with completing interior of the building (wiring, carpentry, painting). To install, adjust, move, and maintain skeletal displays. Provide mobility-impaired visitors a way to view and photograph overhead exhibits up close.
Artistic Storage 6-tray metal specimen cabinets	\$1,439 each of 8	To store and safely organize skeletal specimens as a reference collection as they await repairs and rearticulation.
10' x12' storage shed	\$6,600	For specimen chest freezers, flammables, and stinky specimens not yet ready for inside storage.
Telescoping gantry crane	\$900	To safely raise, weigh, and move heavy objects within the building.
Chest freezer	\$450	Temporary storage for fresh specimens.
Electric pole saw	\$110	For trimming high vegetation around the Bonehenge Whale Center.
Folding chairs	\$26 each of 50	These will be stored inside the Bonehenge Whale Center, used for classes, presentations, and special events.
